Our Vehicle Wrecking Process:

How Our Wrecking Process Works-

Every vehicle that enters our facility follows a structured dismantling process to maximise reusable components while protecting the environment.

Step-by-Step Process-

- Vehicle inspection and assessment.
- Safe removal of fluids and hazardous materials.
- Professional dismantling by experienced technicians.
- Inspection and testing of reusable components.
- Parts cleaning and inventory management.
- Recycling of non-reusable materials.
- Nationwide dispatch of quality recycled parts.
